

# Getting started with Adobe® Reader®

Welcome!

The Adobe Reader app allows you to view and edit PDF documents directly from your BlackBerry device. You can also search and annotate documents, complete forms, share documents, and add signatures to PDF documents easily.

# Open PDF attachments from an email message

To open a PDF document attached to an email message:

- In an email message, tap the attachment.
- When the download is complete, you can preview it in the BlackBerry Hub, or tap  to open it in Adobe Reader.

**Tip:** To go to the next page, tap an area of the screen, then move the slider to the right.

# Open a PDF document in File Manager

To open a PDF document that is stored in the File Manager application:

- In File Manager, navigate to the document.
- Tap the document to open it in Adobe Reader.

**Tip:** You can choose different modes for viewing a document by tapping  .

# Download a PDF document from a webpage

- In the BlackBerry Browser, tap the item.
- Follow the instructions on the screen.

# Give it a try!

Swipe down from the top of the screen and tap **Help** for more information and tips on topics such as:

- Navigation
- Single page, continuous page, and text reflow modes
- Bookmarks
- Sticky notes and comments
- Highlight and strikeout text
- Search
