DESIGN  
THAT INSPIRES

## About us

Valencia has entered in the field of bath accessories with a fresh, luxurious range. It has a modern state of the art manufacturing facility in Jamnagar, Gujarat and is equipped with the latest technology, machines and a technically qualified team to meet the increasing needs of the customer. The facility has an in-house design centre which enables us to come out with new designs from time to time to keep up with the changing trends of the market. Having all processes under one roof not only helps us to have strict control on quality but also helps in meeting delivery deadlines. Launched with far-sighted investments in design development and state of the art manufacturing facility, vibrant and creative product portfolio and strong connect with the markets, Valencia is all set to create dominant ripples in the bathroom accessories segment.

# Quality

Our extensive experience allows us to offer sound technical support services, from design advancements to testing and commissioning of the product. Due to strict quality control procedures our customers are ensured that their requirements are met accurately and consistently. The quality control department is equipped with all the necessary testing equipments, used by a

technically qualified team. Quality control forms an integral part at every stage right from receipt of raw materials to delivery of finished goods. Various tests like salt spray test, micron thickness tests, life cycle tests, etc. are carried out to make sure our products can measure up to international standards. In Valencia excellence is not an exception but a prevailing attitude.
