Quality, Uniqueness,
Brilliance and Aesthetics.
Or simply put, QUBA.

The interwoven intricacies of Quality, Uniqueness, Brilliance and Aesthetics bring alive the most prolific brand in architectural hardware fittings – Quba. Established in 2010, we at Quba have shared the passion and dedication to churn out truly world-class products. Products that don't just enhance the world around you but also speak the world about you.

If there's one thing that you can expect from Quba, above everything else, it's trust. It's the assurance of quality that you can always rely on. The promise of performance that will never let you down. Just like our brand ambassador – Ravindra Jadeja. A crafty left-arm spinner, a hard-hitting batsman, a prolific all-rounder and a world-class player, known for his game-changing performances when most needed. Undeterred by boundaries or conditions, challenges or competition, his performance has marked his presence across the world. His focus, dedication and talent have helped thrust himself into international reckoning. It's something we share in common. And we're welcoming you to join hands with us on this never-ending journey of progress.

Manufacturing excellence

Uniqueness is one of the building blocks of Quba. Which is why, we ensure that every product designed is truly one-of-its-kind. And the physical expression of this thought is brought alive through our state-of-the-art manufacturing facility.

Our manufacturing prowess ensures top-of-the-line products, whilst adhering to the highest standards. With global best practices and the latest technology, we cater to the changing requirements of the customers, churning out quality and quantity in quick turnaround time.

World-made
and world acknowledged.

As one of India's most prolific brands, we are proving to be beyond the best. And this time, it's not only India that has appreciated our efforts. We have been recognized as one of Asia's most promising brands, an honour that truly befits our truly world-made promise. Asia's Most Promising Brand Award stands testimony to that. But this is just the beginning.
